Most Honored Sir

I beg to acknowledge receipt of your endoesement No 766 dated 16th February 1882 and in reply to the queries, thereon put, beg to Submit the following for your Kind consideration, and favourable orders

My age now is 23 years My father comes from the village of Kadsuganhally, of the late Hoolegurdroog Taluq, though now residing for Subsistence at Bangalore My father owns a few lands in the Bangalore District During the late Famine it was at Kibbanhally and to my knowledge that I had been employed After my employment there, ceased, I came here

here to, continue my studies for examinations, but for want of support I have not yet been able to do successfully. It is in view to seek for your kind and generous support to enable me to take to professional study that I have applied for the medical scholarship. I beg therefore you may be pleased to grant me that scholarship, so as to encourage my studies

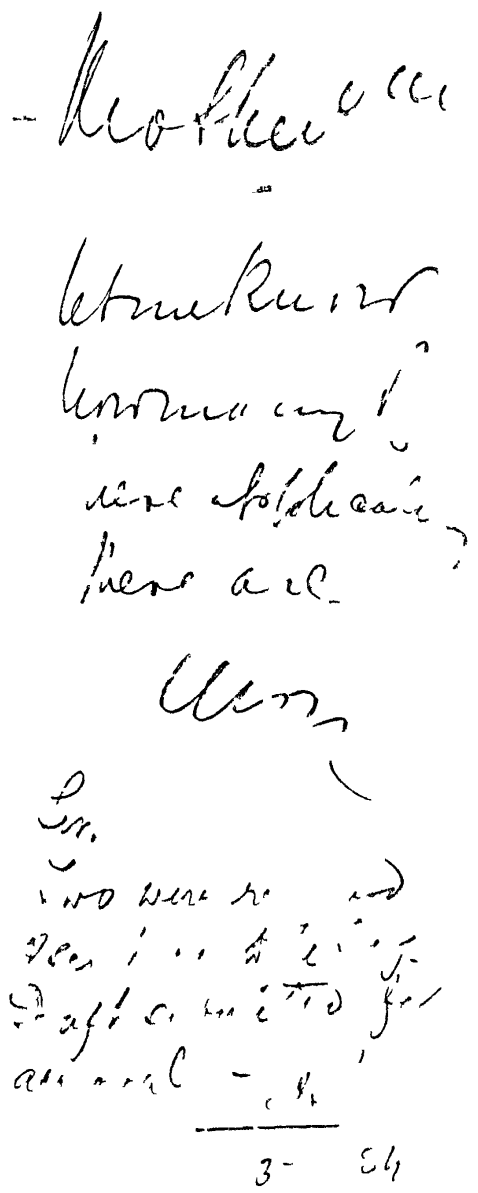
Bangalore District

Most respected Sir

I the undersigned most respectfully beg to lay the following few lines before your honors benign Consideration, fully hoping that I may be crowned with success

I passed my Middle-School examination in the year 1881 and studied in the Matriculation Classes of Wesleyan High Schools of Bangalore and Mysore respectively for 2 years and being unfortunately failed twice I tried in 1883 once more from London Mission High School Bangalore. Here also I was not fortunate enough to pass.

Now as I have a great liking to study Medicine and hear that



B Krishnaswamy Iyer

was a Student in the Matriculation Class of the School in 1880 He was well behaved pretty regular in his attendance

The Honorable Dewan
of Mysore

Respected Sir

I notice that you have promised a Scholarship of Rs 10 for the first five candidates who would pass the Matriculation Examination in the first Class.

Being a candidate of such description, and being unable to continue my studies without your assistance I submit this my humble application to your honor's Perusal. So I fully hope that you will take so much trouble of kindness as to make me get it. For this act of kindness I shall be much obliged to you

School of Engineering and Natural Science

Bangalore 7th May 1884

18

From

The Head Master

School of Engineering and

Natural Science

To

The Educational Secretary

Mysore Government

Sir,

In submitting this, my annual report of the Engineering School for the past official year, I have the honor to inform you that, of the 21 Students who passed their final examination in February 1883, fourteen were qualified as Overseers, five as Sub Overseers, and two as Taluk Maistries

2 They have all succeeded in obtaining employment, chiefly under the Mysore State, and have up to date, with one or two exceptions

exceptions, given satisfaction to their official Superiors.

3 A new class of Scholarship Students was formed in March, but did not obtain its full strength till June, owing to some delay in the nominating of candidates by the Deputy Commissioners of Districts. This class consists of 14 Scholarship Students, two from each district, who receive 8 Rupees each per mensem

4. In consequence of reducing the standard of admission into the Engineering School, several pupils who have not matriculated, have joined the class, and have somewhat retarded its progress by their backwardness in the elements of English and Mathematics

5. I have not been able to hold more than two quarterly examinations, the results of which have

have been duly sent in, a list for which it will be seen that the average of marks obtained by the students is creditable on the whole though a few have done badly in some of the subjects In this connection I may mention that some of the drawings executed by the students of the School were sent to the late Calcutta Exhibition, and were considered of sufficient merit to deserve a certificate of honor and bronze medal

6 In addition to the Scholarship students, four private students (paying a fee of 2 Rupees each) have attended the School One of these Mr F Skinner after qualifying in surveying and drawing obtained a post in the Forest Department, Another student Mr A Molloy made such good progress, and showed such an aptitude for the work, that he has succeeded in obtaining

obtaining a substantive post as Assistant Engineer on the Hubli-Dharwar Railway.

7 I would take this opportunity of bringing to your notice that I have received, from time to time, numerous applications from private students to be allowed to attend the Engineering School for instruction in Surveying and drawing; but, owing to the fact of there being only one Asstt Master,* I have been obliged to refuse most of them To meet this demand, I would recommend the opening of a Special Survey class with an extra Assistant, a moety of whose pay could be met from the fees of the pupils. The opening of this class may be made contingent on 12 students attending it, and the salary of the 2nd Assistant be fixed at 50 Rupees

* whose time is fully occupied

8. In conclusion, I have much pleasure in reporting favourably

on

on the general conduct, attendance and diligence of the pupils of the Engineering School, and would make special mention of G. K. Srinavasachar, T. Narasimma Iyengar, K. Gopala Rao and C. Ramakrishna

I Mr. Norris, the Assistant Master, is most painstaking, and much extra work has devolved on him during the past year, owing to my having been engaged on special duty

I have the honor to be
Sir
Your most obedient servant

Head Master

Genl No 16th of 1884-85

Maha Raja's College, Mysore.
16th June 1884

To

L. Rice Esqre C I E
Education Secretary
to the Govt of
Mysore

Sir,

With reference to your docket No 627 of the 3rd June 1884, I have the honor to report that S Rangaswami Ayengar is one of four students, who having passed the Matriculation Examination of last December in the First Class are now prosecuting their studies for the F A Examination in this College The applicant, whose letter is here with returned evidently refers to the five scholarships which were promised by the Dewan on the Prize Destribution Day at the Central College last year It did not appear clear at the time, as far as I know, whether all the five scholarships were made tenable in the Central College only But if they were, I would submit that such an arrangement would hardly be fair to the interests of this College As a matter of fact four out of the six men that passed in the First Class at the last Examination from this Province have elected to prosecute their studies here, and it would be hard both on

the young men and on this College if they should be obliged to join the Central College for the sake of the Scholarships I would submit under the circumstances, 1st[ly] that the five Scholarships promised by the Dewan be awarded to the first five that pass the Matriculation in the First Class from any Govt. or aided School of the Mysore Province, and be made tenable for a period of two years in any of the three Colleges of the Province, and 2nd[ly] that the right to retain the Scholarships after passing the FA Exam[n] be made conditional on the Scholars passing that Examination in the First Class, & prosecuting their Studies for the BA Examination in the Central College I give below an extract from the Mysore Gazette of Mar 15, 1884, Part I stating the rank, name, &c of all those who passed the last Matriculation Examination in the First Class.

Rank	Reg No	Name	Where Educated
54	1196	Ranga Rao S R	Wesleyan School Bangalore
85	856	Tiroomala Rao D B	do do & Christ[n] Coll
117	1241	Soobba Rao S	London Miss[y] Sch - Bangalore
127	2053	Vanada Raj Ayengar	Maharajah's School & Central College Mysore
	3318	Rangaswamy Ayr S	Wesleyan School, Mysore. & High School Hassan
137	3316	Ramca K	Maharajah's Sch Mysore
177	3352	Vittal Das M	Maharaja's Coll Mysore

Of these the second on the list, as he appears to have received his final training in a Madras College, would seem to have forfeited his right to a Scholarship Of the remaining six, the last four are at present studying in the 1st[n] FA Class of this College. I should feel obliged, if after ascertaining whether the other two Students are awarded Scholarships in the Central College, Government would be good enough to bestow

the remaining available scholarships upon the four studi- } to of this College in the order of their merit as well as the other three } Rangasamy Ayngar as well students are at present deliq- ment, regular in attendance, & well behaved, and I shall see that they make no abuse of the scholarships in future

I have the honor to be

Sir

Your most obedient servant

H J Bhabha

Head Master

Maharaja's College, Mysore.
